O R D E R

On January 26, 1984, a show cause hearing was held at the offices of the Public Service Commission to determine why the retail rates of Johnson County Gas Company, Inc., ("Johnson County") should not be lowered to reflect its reduction in wholesale gas prices and to present data confirming establishment of and proper deposit into an escrow account reflecting the wholesale price savings.

In the course of the hearing, a number of items of information were requested by the Commission and staff which Johnson County could not supply at the time. Johnson County representatives stated that they would furnish the data at a later date.

IT IS THEREFORE ORDERED that Johnson County shall file an original and eight copies of the following information with the Commission by February 20, 1984:

1. The total volume of gas sold (in thousands of cubic feet - Mcfs) by Johnson County from November 10, 1983, to January 26, 1984. The data shall be supplied as sales by month.

6. The price charged per Mcf for gas delivered by Columbia from March 1, 1983, to November 10, 1983. The price shall be reported on a monthly basis.
